the Chief Engineers' letter stating that out of a fourth of Rs 5 lakhs, a moiety is intended for extensions allotted to P W D

The Mcty instead of confining itself to proposals within a limit of Rs 2½ lakhs, has asked for a larger loan What the size of the larger loan is, is left moot

p the existing loans, repayments made, extent of outstandings, Debenture loans, Size of the Sinking fund if any, Arrangements for financial adjustments etc are necessary for Considering the request & may be called for As it is the Mcty has 21/12 - appropriated some loan proceeds for current expenses

The total amount required for the layout of the proposed fine extensions is Rs 7,86,100 It need hardly be said that it will not be possible for the Bangalore Mcty to take up all the extensions in one year & finish them. It may as well be spread over two or three years

The Chief Engineer has stated in his letter dated 14 & 41 addressed to the Mcty Comr. that a moiety of the lakhs would be available

unty the Govt grants of five Lakhs for being given to the Municipality for meeting the cost of laying out extensions Having regard to the present financial condition of the Mcty, the war conditions prevailing now & the laying out of Town extensions thro' the P W D, it would not be desirable to allow the Municipality to increase its commitments Hence it may be definitely informed that the Govt would not view favour of giving more than 2½ Lakhs an advance of Rs for this year for this purpose and that they may take up two extensions viz Rama Krishna Mutt Extension & the Kalasipalya extension, Let what Demand there is for the Lots, how much money would be realized therefrom & then consider the question of forming the other two extens

The same seems to apply to the extensions proposed by the Municipality

10) For the present, the layout of the extensions near Ramakrishna Mutt, which is estimated to cost Rs44,000/-, may perhaps be taken up and a loan advanced to the Municipality to that extent

up the Industrial suburban question on the Mogappair road, so that the requirement could be framed as if the 3 lakhs are provided in this year budget. This Government suggests the acquisition of say 15 acres for the above purpose & the costing this sale at Rs 1 lakh. Taking the acquisition charges of the above & maintenance the cost will come to about 1 lakh. I do not think this is a time when we should ask for a lakh for this extension and the balance could be made available by the Municipality provided they have the power and the manner of repaying these loans. I think that the extensions may be deferred pending improvement in the situation.

FINAL NOTE BY THE MINISTER FOR LOCAL SELF-GOVERNMENT AND PUBLIC HEALTH

Subject —

Grant of a loan of two lakhs of rupees to the Bangalore City Municipal Council.

---- 0 ----

With a view to relieving the congestion in the heart of the City and to provide housing accommodation in a healthy locality round about the City area both for the middle and the labour class people, the 'H' Government directed in their Order No. P.W. 2803-11/S dated the 10th November 1941 that six out of the nine extensions referred to therein may be laid out by the Bangalore City Municipal Council, as it was their duty to do so The other three are directed to be taken up by the Government The Municipal Council were also informed that their request for any financial assistance to carry out the scheme would be considered favorably by the Government. The Bangalore City Municipal Council have agreed to take up the laying out of the extensions, beginning with Kalasipalya and have accordingly, after due consideration, approached 'X' the Government with a request for the grant of a loan of two lakhs of rupees carrying interest at 4½ per cent and repayable in ten annual instalments

Para 9 of memo The Financial Secretary, while expressing the opinion that the loan asked for may be granted, has stated that an additional grant in this behalf would be necessary, as no provision therefor is available in the State Budget for 1943-44

The Bangalore City Municipal Council are unable to undertake the laying out of the extensions in question out of their normal funds, unless the loan asked for is granted I am therefore of opinion that a loan of two lakhs of rupees may be sanctioned by the Government to the Municipal Council, subject to the above conditions The repayment will also be subject to the further condition that the realisations from the sale of sites formed in the layouts should not be appropriated for other purposes so long as the Government loan or any part of it is outstanding The Dewan and other Ministers in Council are agreeable to the

the grant of the loan prayed for.

I solicit His Highness's gracious sanction to the above proposal.

Subject No 6 -

(Deferred subject No 8/28-10-1942) Letter No L 2489/Ml 94-42-5 dated 31-8-1942 from the Law Secretary that Government could give a loan of 2 lakhs only at 4½% interest for taking up one or two layouts only and calling for the opinion of the Council in the matter

Mr. W H. Hanumanthappa observed that the amount promised by Government was not enough to take up all the layouts, and that they may start with Kalasipalyam extension, since it was very paying.

Mr V K Govindarajulu next observed that the Council had already resolved to take up the extensions in a particular order, starting with Kalasipalyam and Sunkal Farm extensions and that they may adhere to it As regards the interest levied, he said it was very heavy and they might make another reference to Government to reduce the same to at least 2½% and the loan now offered may be accepted

The rate of 4½ interest is very high and in view of the low finances of the Municipality, the Govt may be pleased to reduce the rate as a special case to 3½ and facilitate the Municipality to take up the long pending.

Proceedings of the meeting of Council dated 16-1-1943

Addl Sub No 2 Letter No L 6086/M1 94-42-10 dated 30-12-1942 from the Law Secretary to the Government that the Government cannot advance a loan of two lakhs of rupees for a lower interst than 4½% as already intimated, and asking whether the Council is agreeable to take the loan at that rate

The President informed the House that they had agreed to take some layouts immediately and so had approved the idea of taking a loan from Government, and because the Government had fixed 4½% interest, they wanted the Government to reconsider The Government had now replied that they were not prepared to give a loan for any interest less than 4½% and in view of the urgency of the purpose for which they wanted the loan, they may accept the loan at that rate alone

Mr M N Narayana Iyengar wanted to know why the subject was taken up so urgently and suggested that the matter may be deferred

Mr L S Raju next said that he was seconding the deferring motion for two reasons, one that if they approached Govenment again, they might get at a lower rate and if this failed, they could think of raising a debenture loan from private banks Secondly, there was a proposal to appoint a Financial adviser to investigate into the finances of the Municipality and it was better this question of taking a loan was also referred to him for opinion

Mr M A Gopalaswami Iyengar observed that the question before them was whether they should take the loan at such a high rate of interest If it involved heavy loss, they then may drop the idea for the present

Mr M A Narayana Iyengar observed that if the Government were not prepared to reduce the rate of interest, it was open to them to raise a loan from any private bank

The Commissioner informed the House that there was no use in approaching the Government again since they were not prepared o

PRESIDENT'S NOTE

Even though the Council resolved on 16-1-1943, demanding the loan at 3 per cent the Government has not yet replied To take a loan from any bank, would mean several other complicated processes Since the official year is coming to a close, unless the loan is taken, it will lapse

It is gathered that even to other Municipalities, the Government has been granting loan only at 4% interest Even now the demand for land is very great, and the Municipality can realise sufficient money to repay the loan at 4 per cent and at an early date also So, it is desirable to request the Government to immediately grant the loan at 4% and proceed with the works

3 Letter No L 2914/ml 94-42-34 dated 4th September 1943 from the Secretary to Govenment, Law Department enquiring what the cash position of the municipal Council is at present and whether it has not got surplus amount in the Bank at present and whether the amount required for a loan cannot be met out of it

Mr C Narasinga Rao said that simply because it was published that the Municipality has a big opening balance, the Government had asked whether the loan of Rs 2 lakhs was still necessary He then moved the following proposition -

"This Council while forwarding the note as to the cash position, urges on the Government that the loan asked for is necessary, since a large amount of money has been earmarked for special items and this loan is specially earmarked for the proposed layout in Kalasipalyam "
